UNIQUE. PATENTED. UNSURPASSED.
STACKABLE. LINKABLE. THE systainer®
IS NOT JUST A CASE, IT'S A SYSTEM.

NEW

Systainer³

Even more reliable, with more functions and broader applications – that's Systainer³. The third generation stands for even better mobility with a comprehensive mobility concept. Enjoy the advantages you trust with the Systainer³: T-Loc central controller, compatible with one another and connectable with all previous systainer® generations.

systainer® T-Loc

Just one touch is all you need! Systematically stack individual systainer® and lock them with a flick of the wrist – this generation offers innovative T-Loc central controller technology: lock, open, connect. The second generation combines innovation with function and attractive design.

systainer® Classic-Line

Proven top class quality! Our systainer® Classic-Line has been accompanying millions of satisfied customers through their everyday work for many years. Of course, it can be combined with all other systainer® generations.

TANOS
systainer®

FROM THE PAST TO THE FUTURE

TANOS GmbH was founded in 1993 as a subsidiary of TTS Tooltechnic Systems AG & Co. KG. Developing and distributing the systainer® product range is our passion. Secure packaging and clear organization of your work materials and tools, and saving time during transportation – systainer® products provide all of these benefits and more. As the inventors of this unique, patented case system, we have created cases that can be stacked and linked together. Our concept makes a systainer® more than just a case: It's a system!

1993
systainer® Classic-Line

The systainer® success story begins. Thanks to TANOS systainer® products are available to everyone.

1995
Cool down:
The first insulated systainer® makes its way to the customer.

1 millionth
systainer® sold in 1996.

2000
Adding big and small options to the family:
MINI- and MAXI-systainer® Classic-Line.

2001
Smart sorting:
With the Drawer-systainer®.

2008
Intelligent additions:
systainer® Classic-Line II with lid sort-tray and Rack-systainer®.

10 millionth
systainer® sold in 2008.

2010
systainer® T-Loc

Global debut:
Market launch of the second systainer® generation with unique T-Loc central controller.

2013
Three new products:
MIDI-systainer® T-Loc, systainer® Tool-Box and Storage-Box.

systainer® Storage-Box

2014
Double innovation: Multifunctional table "SYS-MFT" and Drawer "SYS-AZ" for even more comfort.

20 millionth
systainer® sold in 2015.

2015
User-friendly:
Introductions of systainer® T-Loc "SYS-Combi" and Sortainer T-Loc "SYS-Sort".

systainer® T-Loc "SYS-Combi II"

2016
systainer® goes live:
"SYS-PH" power hub.

2017
The success story continues:
MINI-systainer® T-Loc with transparent lid and MINI-systainer® T-Loc III.

25 millionth
systainer® sold in 2018.

2018
TANOS goes USA:
The founding of TANOS Inc./USA ensures systainer® is now directly available in the USA as well.

2018
New standard for mobile work:
The mobile workshop MW 1000.

2019
Systainer³

Market launch of the innovative third generation: 100 % mobile, simply practical, better in a system. Cooperation between TANOS, bott and Festool to develop a comprehensive, consistent mobility concept.

2020
The Systainer³ system has won numerous design awards for outstanding design quality.

A SMALL SELECTION OF systainer® APPLICATIONS

TRADES

INDUSTRY

MEDICAL

SALES REPRESENTATIVE EQUIPMENT

SPORTS & LEISURE

VEHICLE EQUIPMENT

A SOLUTION FOR ANY JOB

TRADES
Whether you're a do-it-yourselfer or an nationwide trade company, the systainer® is custom-tailored to fulfill your needs and requirements.

INDUSTRY
If you want to sell and present your products with a high-quality image, the systainer® is a perfect building block in your brand strategy.

MEDICAL
Safety and reliability in transportation and handling are essential in the medical field. A systainer® impresses everywhere and anytime.

IN USE EVERYWHERE

Your systainer® system offers an endless range of potential applications, in many different industries and sectors. Clearly, systainer® products are a popular choice in trades and industrial applications. But systainer® are also an all-around system built to handle specialized demands and requirements. Innovative developments, accessories, variables, a variety of internal features and easy linking options make the systainer® a smart system for your needs.

SALES REPRESENTATIVE EQUIPMENT

Put your products in the limelight! systainer® offers individual, customized solutions for product presentation, for even more successful field sales.

SPORTS & LEISURE

Whether sport fishing or climbing – a systainer® is the perfect choice to store all your sporting equipment in one place.

VEHICLE EQUIPMENT

Our systainer® can be integrated as part of your vehicle equipment. Mobile and flexible – make your work more effective.

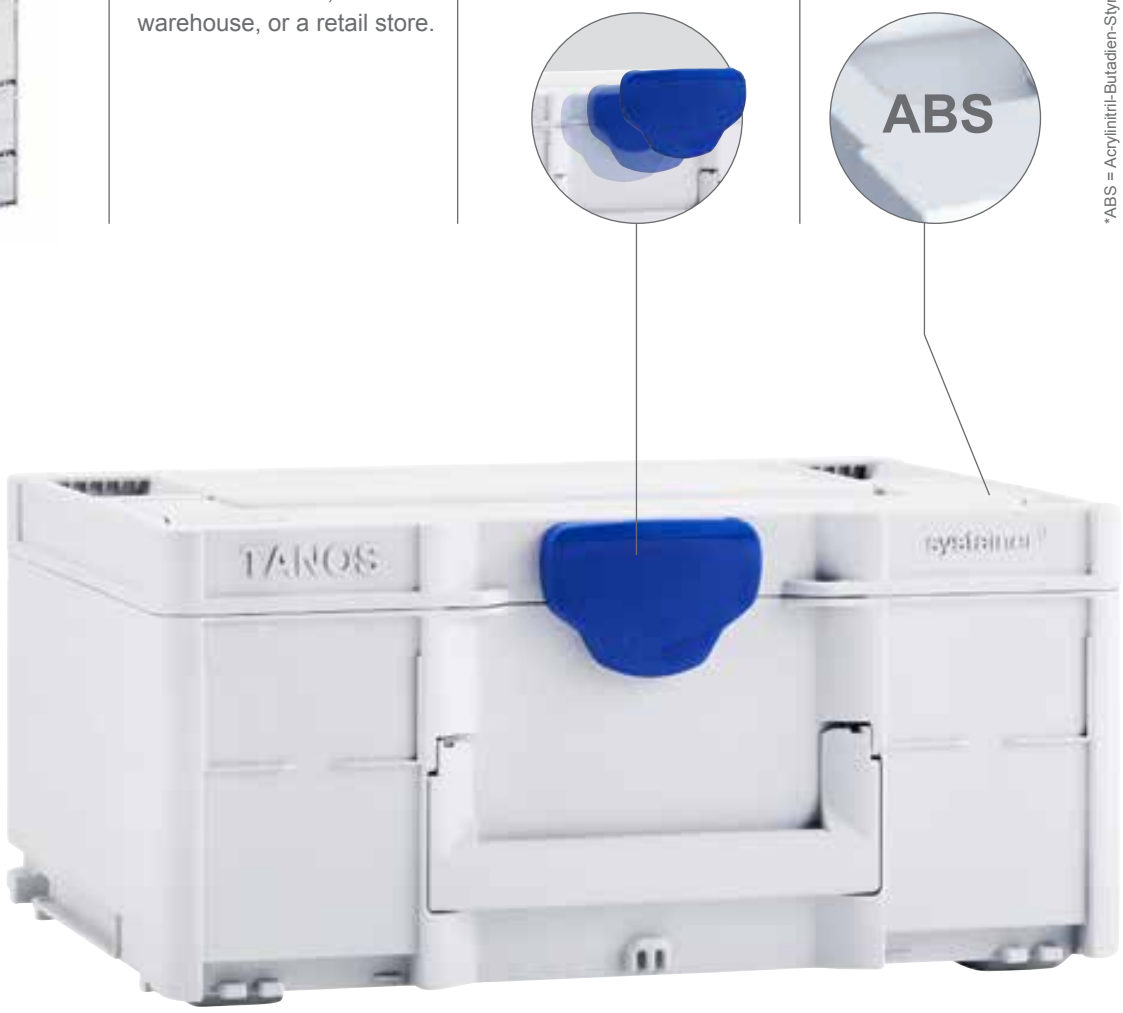
TANOS
systainer®

STACKABLE AND LINKABLE
Individual systainer® can be combined, securely stacked, firmly linked and can still be operated individually at the same time.

TRANSPORT OPTIMIZATION
Standardized dimensions sized for Euro pallets allow boxes to be stacked across the whole surface, saving volume and cash during transportation on pallets – whether in a truck, a warehouse, or a retail store.

LONG-LASTING DESIGN
If it breaks, fix it!
All systainer® components, such as lids, handles and catches can be replaced.

ABS* PLASTIC
The best base material combined with a sturdy design offers outstanding structural strength.



*ABS = Acrylinitril-Butadien-Styrol

VARIETY OF COLORS
Besides our standard colors, additional colors are available. In addition, colors for the catch, handle and body can be selected individually for custom combinations. No minimum order required.

DESIGNED IN GERMANY

DEVELOPED IN HOUSE
Our research and development department with highly qualified engineers and product managers works continuously on the innovative further development of our products with ISO 9001 certification.

HIGHLY AUTOMATED PRODUCTION
Thanks to standardized processes, we guarantee consistent, high product quality and quality controlling in Germany and Europe.

ENVIRONMENT & SUSTAINABILITY
The systainer® produced from recyclable ABS ensure more environmentally friendly, recyclable packaging you can use for years, and therefore help to avoid waste.

MORE THAN JUST A CASE

Today, flexibility on the job is essential. Each and every systainer® is not just a case, but rather part of a cleverly designed system. This allows you to prepare for and react optimally to your work needs. The different possible combinations, and variable interior options for your systainer® are virtually endless. Easily change the arrangement of your systainer® tower to meet your personal needs. All systainer® are stackable and linkable!

AWARD-WINNING systainer® T-LOC SYSTEM
Multiple awards and consistently positive test results are truly a reflection of the enthusiasm for innovative technologies and the long-lasting, high quality standard of this system.

STILL THE ORIGINAL
The entire systainer® portfolio is fully protected by a various property rights. The original systainer® is and remains an original. You can rely on that.

TANOS
systainer®

HOW TO DESIGN A CUSTOM systainer®

Step 1: Describe the problem
Do you need a packaging solution for your products, or an organizational, presentation or transportation system? No matter what quantity you need, ask us! We want to be your partner.

Step 2: Find the solution
Standard product range, or specially tailored to meet your needs? We are happy to develop the interior features you need, and build a sample if necessary.

Step 3: Corporate design
Use the systainer® as a product and brand ambassador. We will be happy to advise you and present a variety of options to you.

Step 4: Market launch
Your custom systainer® is ready for use.

ADDITIONAL SERVICE
Step 5: Assembly
You send your product and we package it. Upon request, we can attach your custom label and even purchase third party products.

ADDITIONAL SERVICE
Step 6: Shipment
We are happy to handle shipping logistics for you, and ensure your systainer® arrive safely.

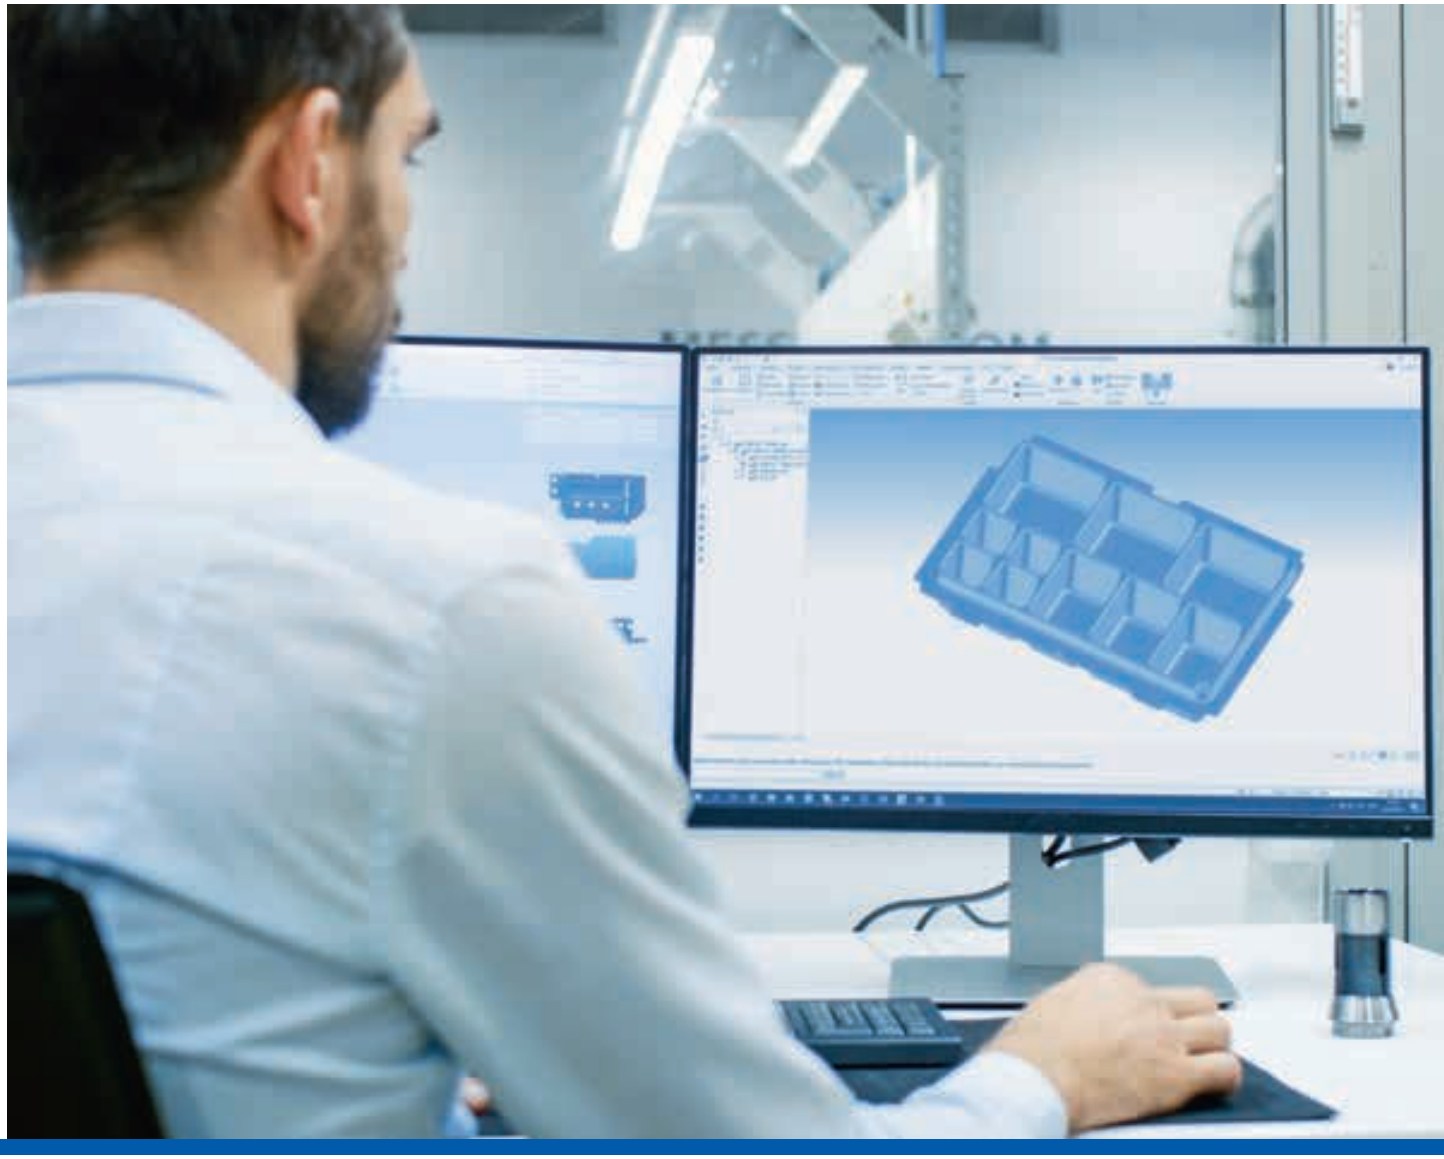
TIP: Offer your custom designed systainer®, even without inserts. Color matched and with your own logo!

TANOS – YOUR PACKAGING SPECIALIST

YOUR PACKAGING SOLUTION – THE systainer®
We have already implemented countless customized products in collaboration with our partners. Specialized bottom and lid inserts, deep drawn parts matched to your product or one and two color foam – your customization options know no limits. Ask us, we will be happy to professionally handle your requirements.

DISTINCTIVE

Each and every systainer® is important to us. Whether you choose a standard version with available system components or a custom special design tailored to your needs. We support you, from initial idea to delivery. Design, color, interior features, formats, or applications: we look forward to presenting the countless possibilities of the systainer® system to you. Benefit from the case system already used by numerous well-known manufacturers.



THEFT-TAG – BETTER SAFE THAN SORRY

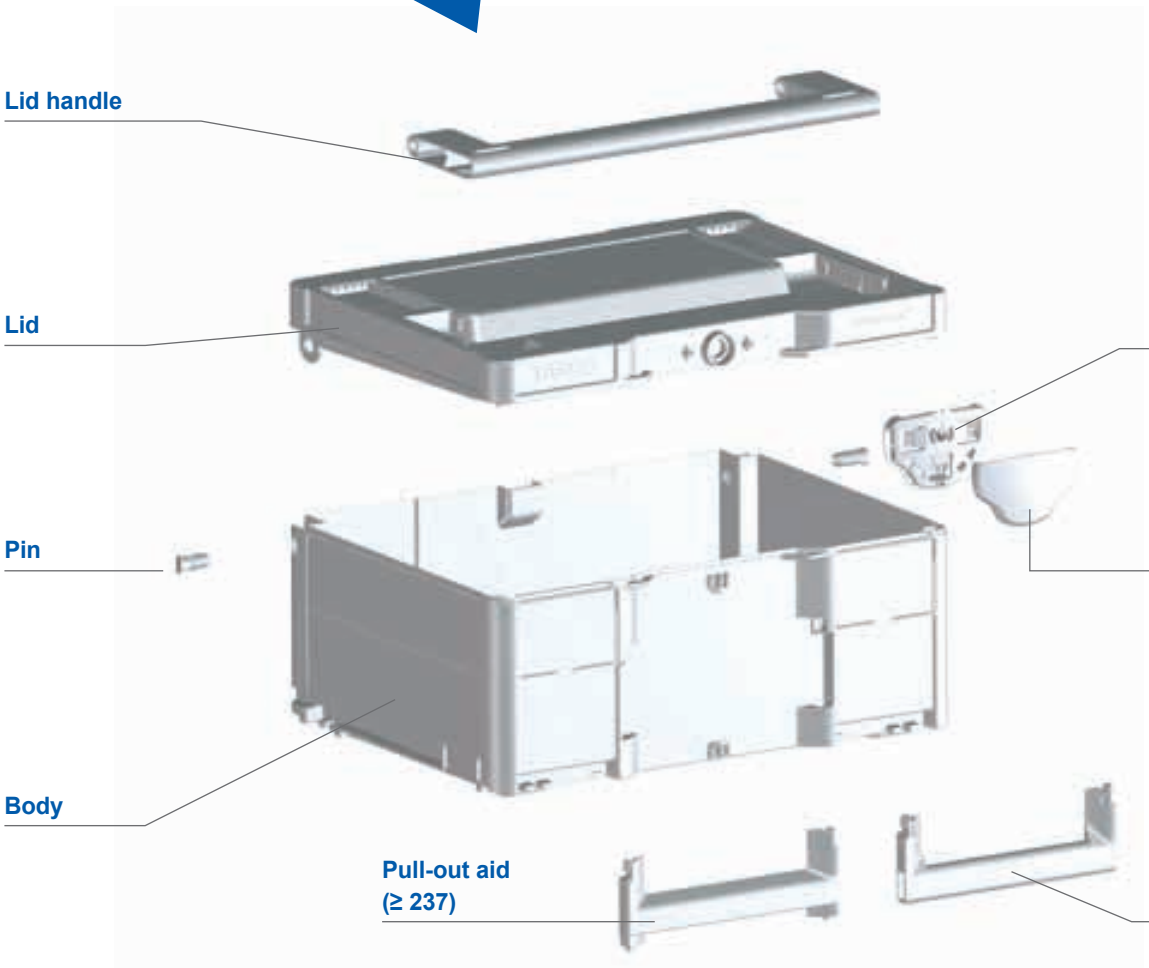
Benefit for manufacturers and dealers: the “Theft Tag” closure is integrated directly on the Systainer³. All-around theft protection: everything safe and enclosed. No more illicit removals of products. Also a major advantage in the medical sector, e.g. for sealing medical examination materials.

TANOS
systainer®

CORPORATE DESIGN
No brand strategy without branding. Whether you want to add your company logo or your slogan – even with small quantities, you can print the body, lid and catches with multiple colors. Thanks to the modular design, you can assemble your own systainer® from our extensive color palette. Brand recognition guaranteed!

LABELING
Simple and practical labeling of your systainer® with labeling sets for card inserts.

CONFIGURATION ONLINE
Simple and innovative system to design your custom systainer® in just a few steps. Design and equip your custom systainer® now at www.tanos.de.



i **EXTRA TIPS**

PERFECT CUSTOMIZATION
At larger order quantities, we can also emboss your product or company brand directly to the right and left of the edge of the lid or on the lid of your systainer®.

COLOR PALETTE

Do you prefer bright and colorful or discreet and reserved? We offer our timeless standard design in light grey with signal blue catch or all anthracite at no additional charge.

Numerous additional RAL color shades are available ex works. Do you need a custom color? No problem, we will be happy to advise you!

STANDARD COLORS

- RAL 7035, light grey
- HKS 43 K, signal blue
- RAL 7016, anthracite

ADDITIONAL COLORS

- RAL 9004, black
- RAL 1007, daffodil yellow
- RAL 2011, deep orange
- RAL 3002, carmine red
- RAL 5015, sky blue
- RAL 5003, sapphire blue
- RAL 6001, emerald green
- HKS 54 K, signal green
- RAL 9016, white

IT'S WHAT'S INSIDE THAT COUNTS

Ask us! We will provide you with professional support and advising, no matter your idea or requirement. Whether you plan to use the systainer® as packaging or to present your products, to transport sensitive goods or to equip your workshops or production warehouses in an organized way – we will construct, develop and design your custom systainer® solution to precisely meet your needs.

WITH SYSTAINER I'VE GOT A FRIEND FOR LIFE

Systainer³

LINKABLE

Stackable and linkable – our market-leading, patented case system helps millions of users with their everyday work. systainer® impress in everyday use. They link together quickly, saving lots of time and unnecessary walking. systainer® towers can be carried with a single handle, offering excellent convinience and mobility. Our new Systainer³ product line impresses with the ability to link cases of different generations. They can be combined with existing systainer® product lines as well as with systainer® system partners.

Stackable
Link systainer® to create a systainer® tower with a simple turn.

Compatibility
All systainer® can be combined with one another.

Versatile combinations

systainer® ToolBox
The perfect ToolBox – available in four sizes.

systainer® Storage-Box
Keep your perspective – clear, easy access storage.

systainer® T-Loc "SYS-Combi"
systainer® with an integrated drawer for even better organization.

systainer®
The new generation

THE SYSTAINER MAKES MY EVERYDAY WORK EASIER

Systainer³

QUICK & EASY

Easy to operate and convenient in everyday work. Close, open and link using trusted, patented and unique T-Loc central controller. Easily access contents, connect or remove systainer® with just one hand and just one turn. In addition, transportation is easier than ever before with the Systainer³. Whether upright, individually or as a linked tower.

Open while linked
Access contents with just one motion, without breaking the links between cases.

One hand operation
Close, open and link with just one turn.

Automated
Lid closes easier thanks to our optimized design.

Pull-out aid
Above size 237, a pull-out aid makes it easier to remove the case from a shelf or vehicle.

Front handle
Systainer³ M + L 112-187 and Systainer³ Organizer M + L can also be carried upright thanks to their front handles and well thought-out design.

Easy transportation
Easily transport cases individually or as a tower using the front handle, or the lid handle. Move faster and enjoy better convenience with the Systainer³.

TIP: Innovative labeling
Know what's inside! Two slots for custom labeling. Design online at www.tanos.de

systainer®
The new generation

THE SYSTAINER OFFERS A PERFECT FIT FOR 100% MOBIITY

Systainer³

MOBILE SYSTEM

MOBILE

Use all the advantages of the systainer® system and benefit from the additional mobility offered by the third generation, which was a specific focus during development. It makes everyday work even easier for professional users, from the workshop to the construction site. Save space, time and strengthen your reputation with the Systainer³.

Perfect use of space
systainer® use standardized grid dimensions for optimal use of space in the vehicle, meaning they fit into many common vehicle equipment systems.

Access made easy
With the pull-out aid and optimized lid handle, the Systainer³ is easier to remove and use quickly.

Even simpler transportation
The new generation has redefined a combination of convinience and function. The Systainer³ can be stowed easily and quickly, secure for transportation without any additional rail elements in bott vario3 van racking.

systainer®
The new generation

Systainer³

MULTI-
FUNCTIONAL

MULTIFUNCTIONAL

The variable features offered for systainer® are the alpha and omega for meeting any requirement. With accessories, lid and bottom inserts, organizing and sorting systems and a larger selection of heights and widths, the new generation Systainer³ offers an almost limitless range of variations for any need. Clear and simple, with optimal usage of space. The systainer® stands up to any challenge; there's always a systainer® solution.

Systainer³ Organizer in two sizes
In addition to the M 89 size, the L 89 variation is available for even broader sorting options.

For fans of structure:
Small parts sorting for professionals. With Systainer³ Organizer and its insert boxes, every small part has its place and is clearly sorted.

Storage
Molded compartments for your tools, with user-friendly packaging. From universal to specialized inserts, the systainer® has the right option for your specific needs.

Space saver
Optimal use of available space.

Clearly organized
Clearly organized storage and availability for materials you use every day. Everything at a single glance!

Big, bigger, Systainer³
With M + L sizes, the Systainer³ generation offers a large spectrum of heights and widths. The right size for every requirement.

systainer®
The new generation

Systainer³

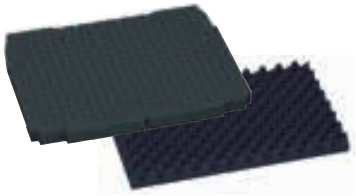
RELIABLE

All Systainer³ offer outstanding strength thanks to their ABS* base material, combined with an innovative and stabilizing design structure. Your products are always safely stored, reliably packaged, and ready for transportation at any time with a Systainer³. With the Systainer³ quality case system, you have a reliable partner for your everyday work.

HARD SHELL
Perfect combination: excellent ABS* material and a stabilizing design structure with the additional lid hinge and optimized "base cross" mean the Systainer³ offers a highly rugged design.

SOFT CORE
A Systainer³ doesn't bend easily. Sensitive contents are well protected in the Systainer³.

Impact protection
Padding combination for maximum interior dampening. Even highly breakable goods are fully protected against damage.



Vibration-protected transportation
Every part remains in its place. Perfect-fit lid inserts ensure a solid, secure closure.

MINI-systainer®

Did you know?
systainer® is often used in the medical field.

Systainer³ TOOLBOX

NEW

Everything is ready to hand in the Systainer³ ToolBox! The convertible version of the Systainer³ system with plenty of storage capacity for tools, working material and accessories. Thanks to the movable carrying handle and the Systainer³ closing catch, Systainer³ can be linked with just one flick of the wrist. It can be connected to all Systainer³ and systainer® T-Loc and integrated into van racking equipment, this makes the ToolBox the perfect companion at work.

INDIVIDUALISATION

Whether you choose outside labelling for quick recognition of the contents, or our labelling system for the inside of the systainer® – there are various easy and uncomplicated ways to individualise your systainer®.

LABELING

Label set for Systainer³ Organizer insert boxes
- Small Set art n° 83500051
- Consisting of 30 paper labels and 12 transparent plug-in labels
- Large Set art n° 83500052
- Consisting of 60 paper labels and 25 transparent plug-in labels

Label set for Systainer³, systainer® T-Loc „SYS-Combi II + III“, Sortainer T-Loc „SYS-Sort IV / 3“ and Drawer „SYS-AZ“
- Art n° 80500043
- Consisting of 20 transparent plug-in cards and 2 label sheets of 10 paper cards each

Label set for MINI-systainer® T-Loc III
- Art n° 80590810
- Consisting of 20 transparent plug-in cards and 1 label sheet with 18 paper cards each

T-Loc „NFC-catch“
- Signal blue art n° 80590737
- Anthracite art n° 80590738
- For systainer® T-Loc „SYS-Combi II + III“
- Consisting of 1 x T-Loc and 1 x locking pin
- For linking to online contents and storing digital information

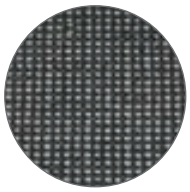
Printing, adhesive labels, or plug-in card printing on requests – we will be glad to advise you about the countless possibilities.

SAFETY

systainer® T-Loc safety set
for systainer® T-Loc „SYS-Combi II + III“
- Light grey art n° 80101201
- Consisting of lockable T-Loc catch, metal barrier, protective washer, clip and 2 keys

TSA-lock for Systainer³
- Art n° 83570153
- TSA combination lock, which is perfectly suitable to lock Systainer³.

ANTI-SLIP MATS



T-Exact

T-Tec

Anti-slip mats
- Material thickness: 2.5 mm
- Anti-slip mats T-Exact or T-Tec
- The Anti-slip mats offer fast and secure hold for objects. They provide an extremely good non-slip function using only thin materials. This allows them to adapt optimally to the substrate and stick to the surface on both sides without adhesive.
- Different standard sizes available, just ask us.

SYSTAINER³ XXS

Systainer³ XXS 33
- Light grey art n° 83000089
- Outside dimensions: H 31.3 x W 105 x D 66 mm
- Inside dimensions: H 23 x W 102 x D 59 mm
- Weight: 0.04 kg

Insert for bits
- Art n° 83000279
- Insert for up to 18 bits and one bit holder

LITTLE HELPERS – BIG RESULTS

Our developers and product managers are working day in day out on new ideas and innovations for every greater user friendliness. It is often the little useful accessories which provide the greatest services.

STATIONARY WORK

Systainer³ BASE – wall/base support
- Light grey/blue art n° 83500067
- Anthracite art n° 83500068
- For Systainer³ M, L, XXL, Systainer³ Organizer M + L, Systainer³ ToolBox M + L , systainer® T-Loc „SYS-Combi II + III“, Sortainer T-Loc „SYS-Sort IV / 3“, systainer® Tool-Box 1 + 2 and systainer® Storage-Box
- Delivery without fastening materials!
- Dimensions: H 48 x W 508 x D 396 mm
- Net weight: 1.59 kg

Wall/base support “SYS-CART Base”
- Light grey/blue art n° 80590551
- For Systainer³ M, Systainer³ ToolBox M, systainer® T-Loc “SYS-Combi II + III“, Sortainer T-Loc “SYS-Sort IV / 3“, Schubladen-systainer®, Rack-systainer® IV, systainer® Tool-Box 1 + 2 and systainer® Storage-Box
- 4 recesses for the fixation with fastening (Delivery without fastening!)
- Dimensions: H 46 x W 519 x D 365 mm
- Net weight: 1.55 kg

Drawer “SYS-AZ”
- Individual light grey art n° 80101664
- Set of 5 light grey art n° 80590641
- Pull-out shelf, suitable for all systainer®-generations except Systainer³ L, XXL, Systainer³ Organizer L, Systainer³ ToolBox L, MINI-, MIDI-, MAXI-systainer®
- Telescopic rails are suitable for 32 mm hole line for a variable positioning of the systainer® in your individual furnishing system
- High quality full extension slide allows to open the lid of the systainer® completely
- Centred operating element in anthracite for locking / unlocking. Simple and fast self-assembly
- Individual labelling possible thanks to integrated field for plug-in cards. Barrel lock can be added
- Outside dimensions: H 57 x W 425 x D 376 mm
- Inside dimensions: H 50 x W 395 x D 300 mm
- Weight: 2.23 kg / pc.
- Carrying capacity: 20 kg

Body “SYS-AZ Cabinet”
- For drawer “SYS-AZ”
- Light grey art n° 83570005
- Material: body consists of 19 mm chipboard, melamine coated with 1 mm ABS-edges
- Integrated drill holes for installing “SYS-AZ” drawers
- 4 height-adjustable feet included for safe positioning
- Possibilities to combine and equip individually
- Connection of several “SYS-AZ Cabinet” next to and above each other is possible*
- Outside dimensions: H** 1,000 x W 467 x D 420 mm
- Inside dimensions: H 962 x W 427 x D 401 mm
- Weight: 19 kg
- Carrying capacity: 120 kg

STATIONARY WORK
